What is that? It's a great way to *reduce* your tuition by purchasing from retailers you probably already use. It's a gift card program that refunds a percentage of your purchase right back to your tuition account. There are over 750 retailers that participate with this program (grocery stores, gas, restaurants, and many more). Anyone can sign up and donate to your account or to worthy student accounts. Contact the school office to sign up or for more information.
